NEW PROJECTS

October 2026

- **Please submit new project requests via the work order system.**
 - Visit the Planning, Design, and Construction web site and fill out a project request form: [Project Request Form | Planning, Design, and Construction](#)
 - It looks just like a normal work request, but choose 'PD&C' under the 'Repair Center' tab.
 - It is important for us to have everyone use the work request system so that we can track our projects and do a better job for you. Thank you!

NEW FURNITURE REQUESTS

- **Please submit a new project request as above & tell us that it is a furniture request.**
 - PD&C staff can make recommendations to you, direct you to furniture resources at the Procurement Service Center, and review your order prior to submitting it to the PSC.
 - Please be aware that selecting and ordering furniture takes a great deal of time – once ordered it is likely that furniture will not be delivered for 8-12 weeks.

HERE IS WHAT'S HAPPENING on CAMPUS PROJECTS

Completed Projects:

- **University Hall – Nursing Interior Renovation**
 - The project is complete!
- **Columbine Hall Upgrade Controls**
 - The project is complete and currently in final commissioning
- **University Hall Boiler Replacement**
 - The project is complete!
- **Gallogly Recreation and Wellness Center – Aquatic Center replastering and painting**
 - This project is complete!
- **Main Hall Air Handling Unit - Controls Upgrade**
 - This project is complete!
- **Anschutz Engineering Center**
 - Punch list corrections have been completed! Building commissioning is complete. Final documentation of the building LEED status is almost done.

We are PROUD to serve our UCCS community!

PROJECTS IN CONSTRUCTION – THANK YOU FOR YOUR PATIENCE!

- **Engineering & Applied Science Building Renovation**

- Construction is underway and you can see the clocktower through the building! – see the first photograph. The contractor has installed the new steel framing for the new third floor and is currently installing steel floor decking. Concrete will be placed over the metal decking to provide a structural composite deck.
- The new entry lobby floor has been installed and the new steps and retaining wall around the sculpture constructed. The design and construction team refers to that area as the perch, and it will be a great place to sit, study, and meet friends.
- Construction is expected to be completed in 2 phases starting spring term 2026 and run for 2 years.

Looking South from Mountain Lion Way to the El Pomar clock tower

Backfill of the retaining wall for ‘the perch’

New structural steel and roof framing

- **El Pomar Center / Kraemer Family Library Chiller**
 - Work on this project is almost complete. Two additional pumps are on order and to be installed this fall.
- **El Pomar Center / Kraemer Family Library Controls**
 - Work on this project is almost complete and is in final commissioning
- **Downtown Expansion**
 - This project is in partnership with Norwood Development Group. The timeline for the project will be shared once project scope is finalized.
- **Student Life Refresh**
 - The project is 98% complete! A few punch list corrections remain to be completed, but the space is wonderful and the furniture is great.

We are PROUD to serve our UCCS community!

For more information, please contact busfin@uccs.edu

- **Clyde's Cupboard**

- Located inside Student Life on the first floor of University Center, the project provided Clyde's Cupboard with additional and better enclosed storage space with shelving, a freezer, a refrigerator, and additional built-in shelving and lockable storage.
- A few minor items need to be corrected, and we will call it complete.

- **Dining-Renovation Project**

- Construction has begun! Please be patient with us this fall while we do this work. The project is expected to be completed in November.
- Fencing has been installed on the west side of University Center narrowing the spine walkway to about six feet wide. Please be careful when walking along the fencing.
- Excavation along the south side of the spine will begin the week of October 5th.
- This is primarily a plumbing project that will allow future expanded food offerings in Café 65.

We are PROUD to serve our UCCS community!

For more information, please contact busfin@uccs.edu

- **University Center East Doors at Upper Plaza**

- Do. Not. Drive your vehicle into a building. It will hurt the building, but the building will win.
- All four of the doors must be replaced. They are on order and will be installed as soon as possible.

We are PROUD to serve our UCCS community!
